SUN AND SHADOW

SEMINARREISE

“The real impact of any work is the extent to which it unifies contrasting notions – the opposite points of view. *I mean unifies, and not compromises.* This is what the Spaniards express so well with their motto from the bull fights: *Sol y sombra*, sun and shadow. Half the seats in the bull ring face the sun, the other half is in the shadow. They made a proverb out of it – “sun and shadow” – and they did not make it sun or shadow. For them, their whole life – its contrasts, its tensions, its excitement, its beauty – all this is contained in the proverb *sol y sombra*.”

Marcel Breuer: Sun and Shadow, 1956

The seminar week “SUN & SHADOW” takes us to Spain. In Cordoba and Madrid, we will learn about historical and contemporary concepts of reuse in architecture.
Focus is on reuse and housing - and *la buena vida*.
