A photograph of a modern staircase with perforated metal railings and green-framed doorways. The staircase features a series of steps with a perforated metal railing system. The railings are made of a dark, perforated metal, creating a patterned effect. The walls are a light, neutral color. To the left, there are two doorways with green frames. The first doorway is partially open, showing a wooden door. The second doorway is also partially open, showing a wooden door. The overall design is clean and contemporary.
