

urban analysis

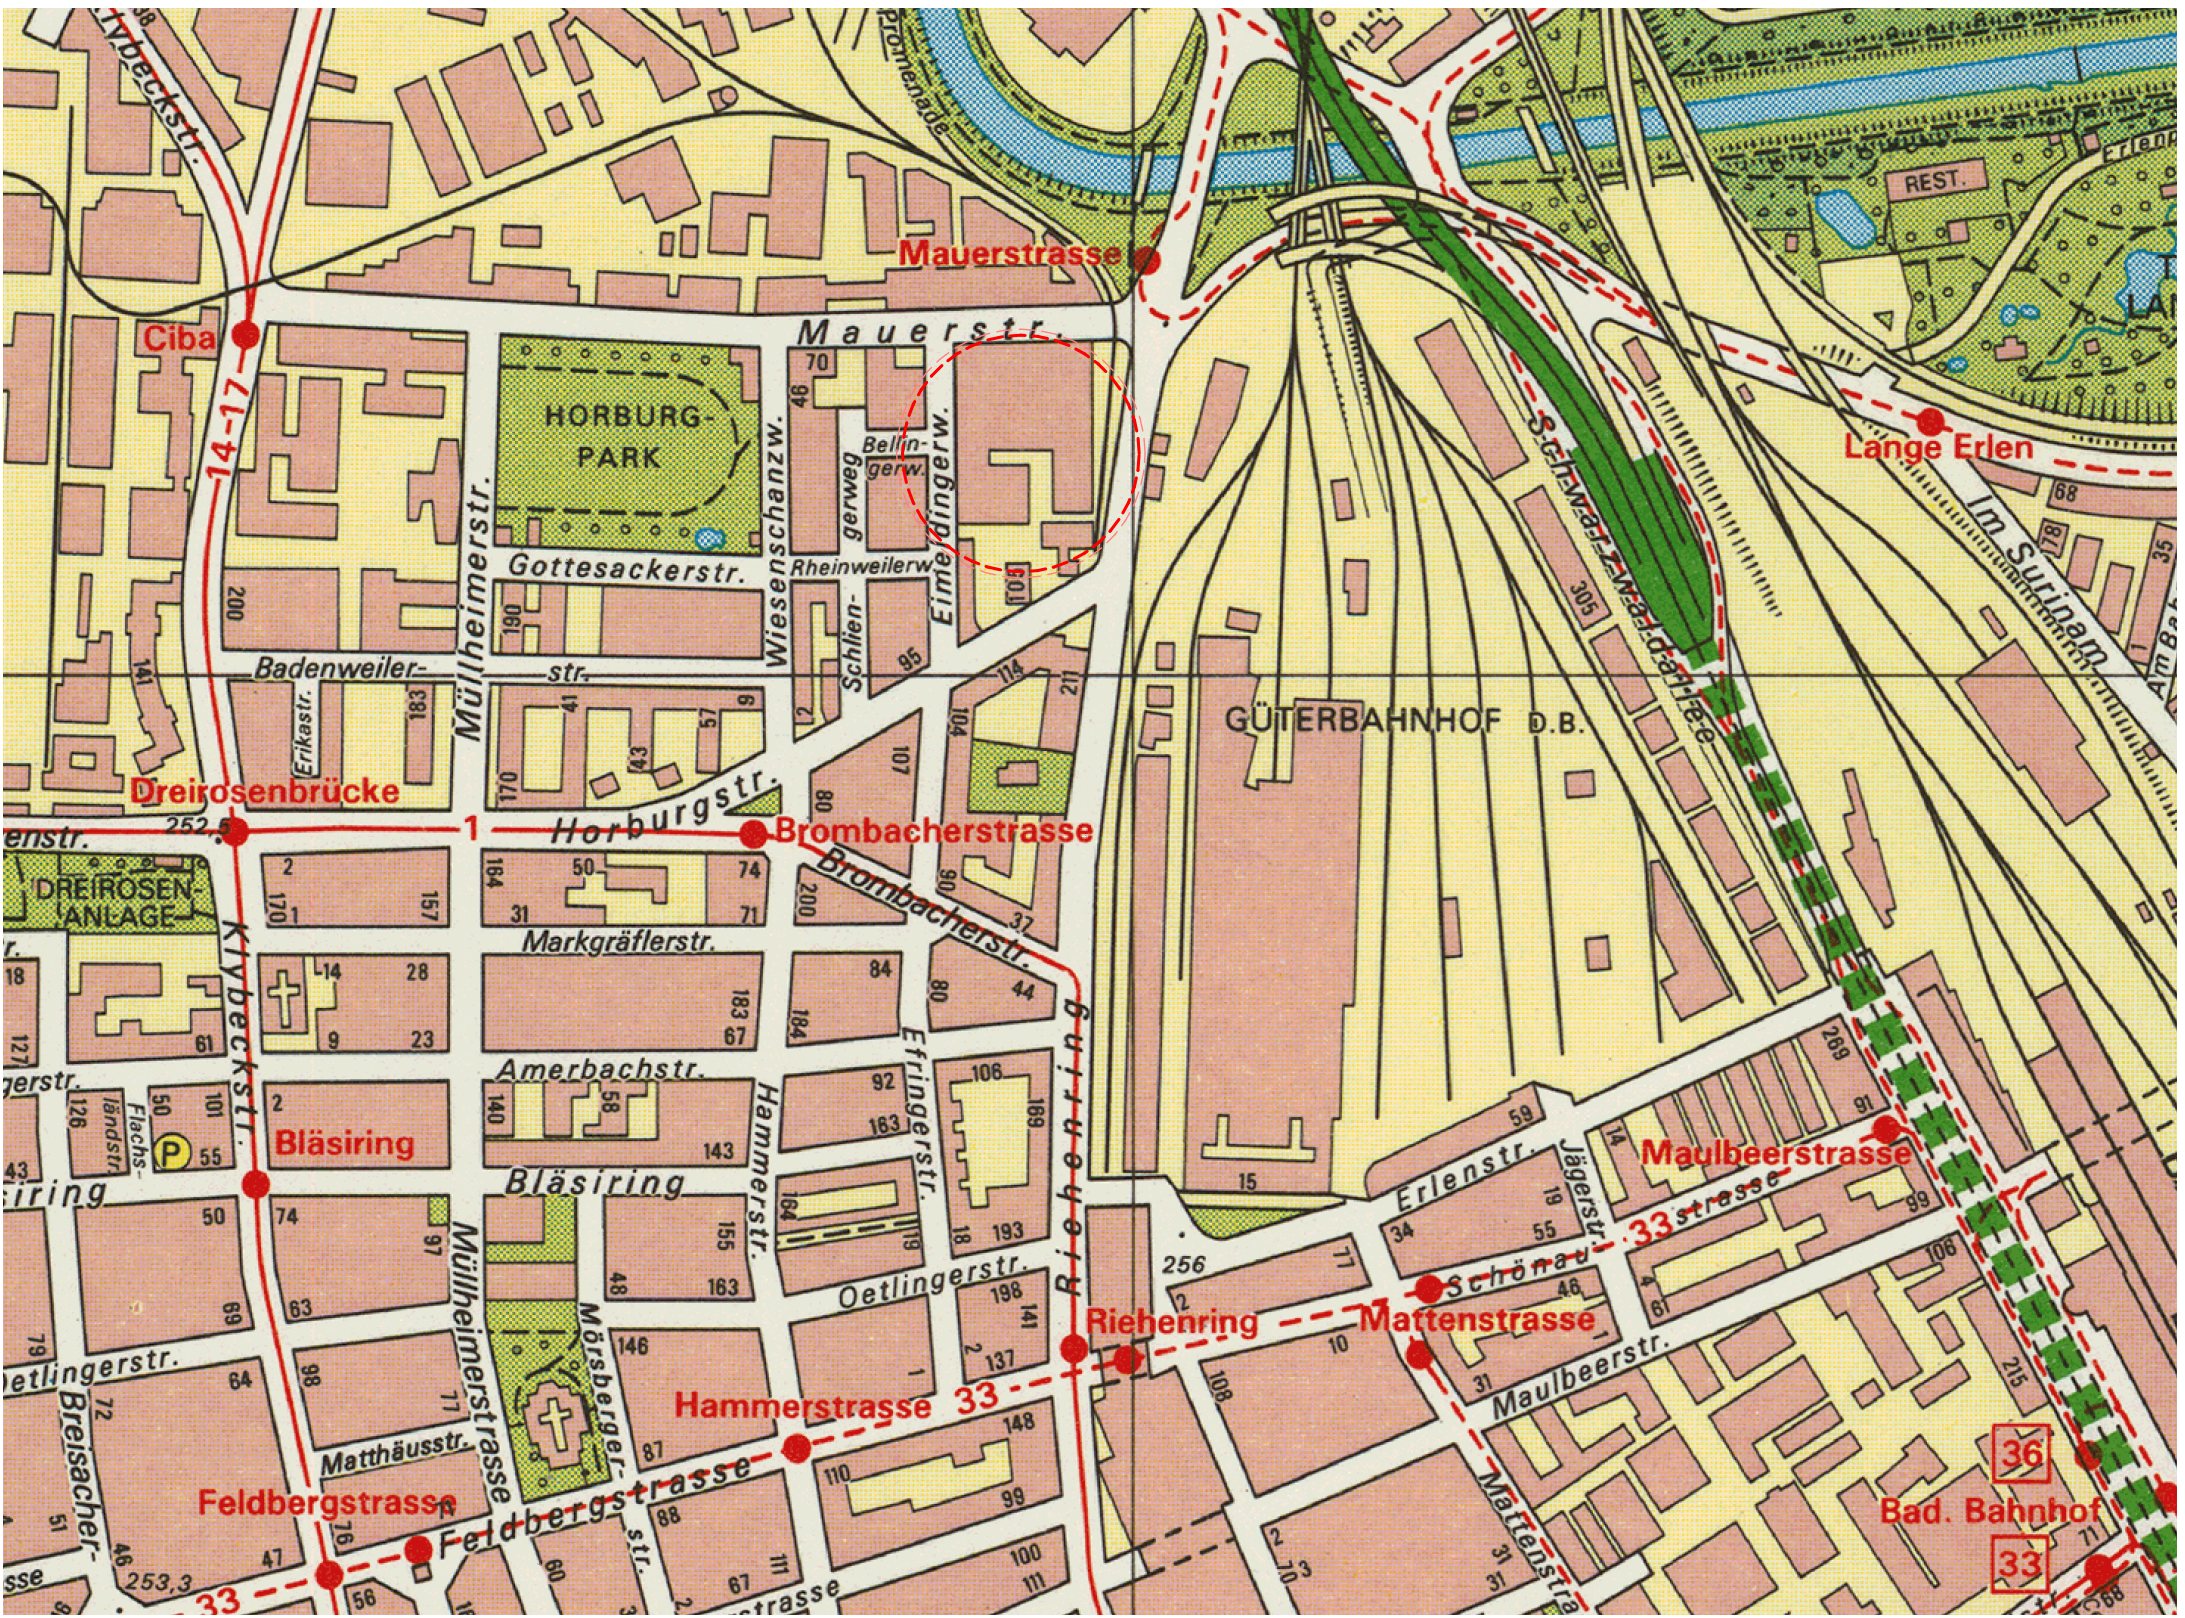

history - present - future

historic plan 1822

historic plan 1946

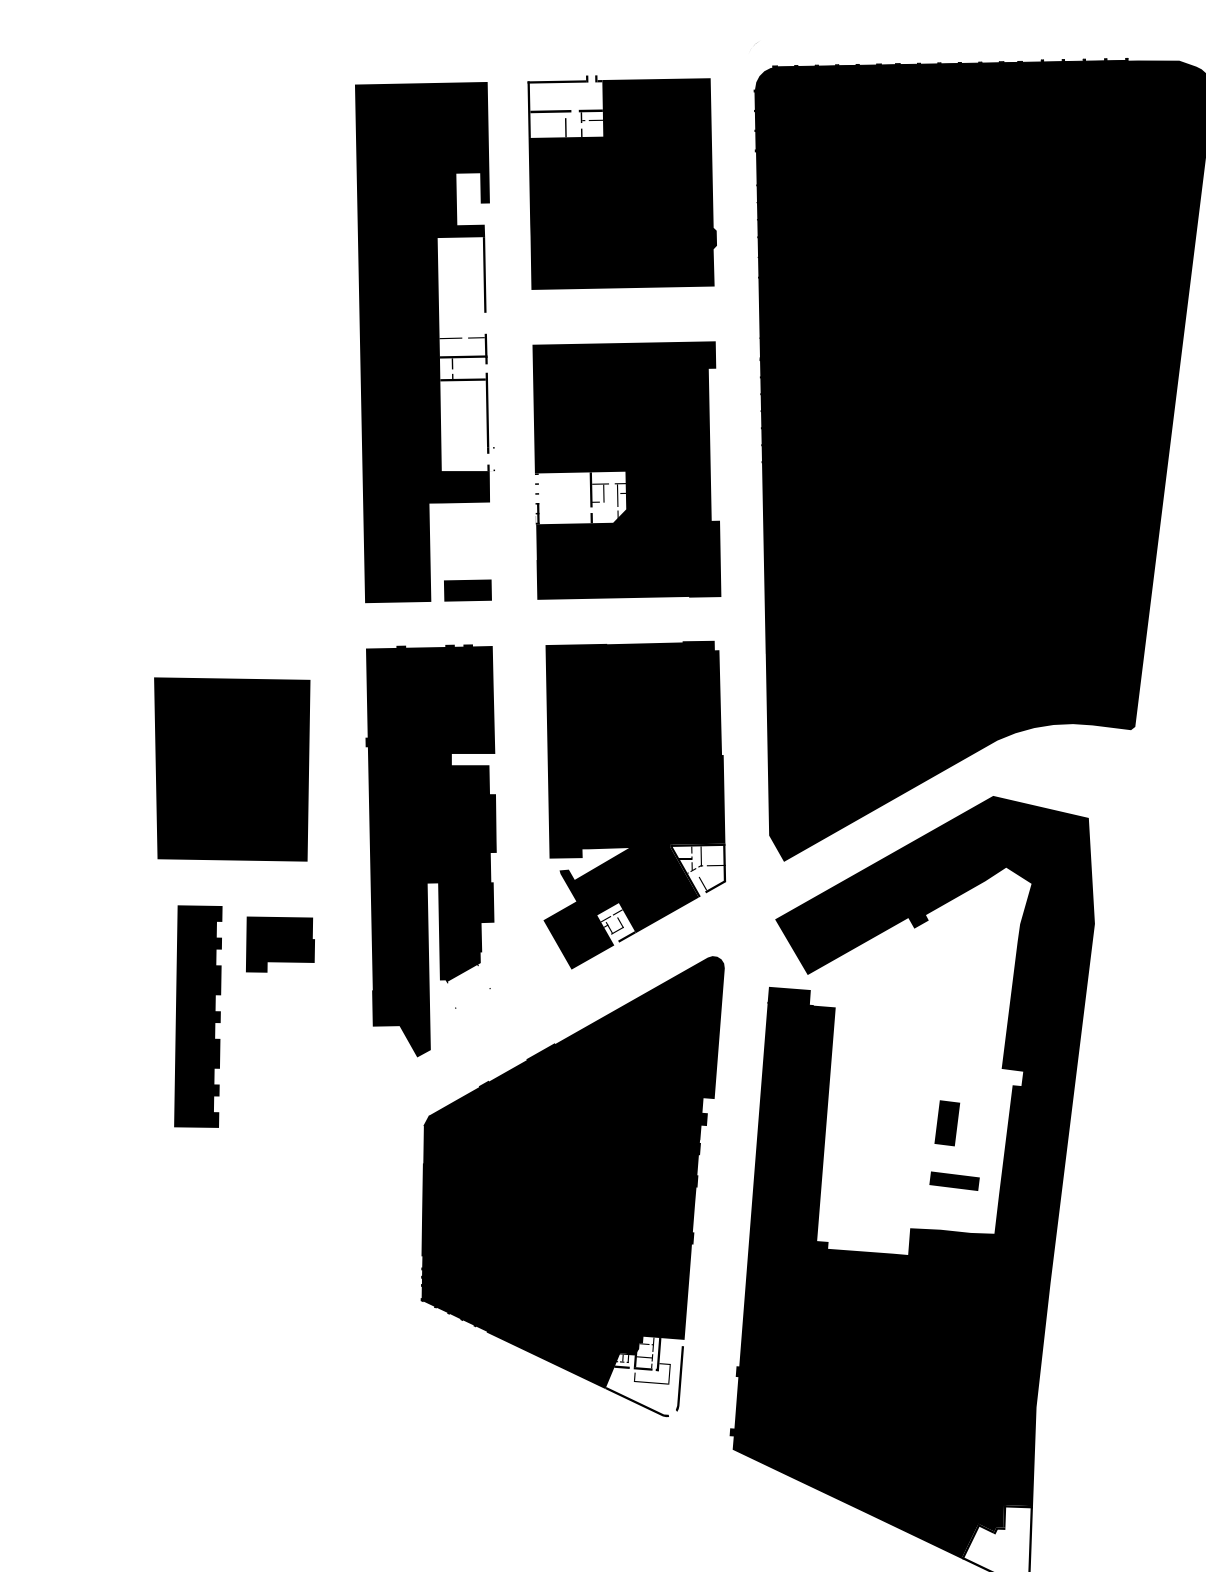

historic plan 1987

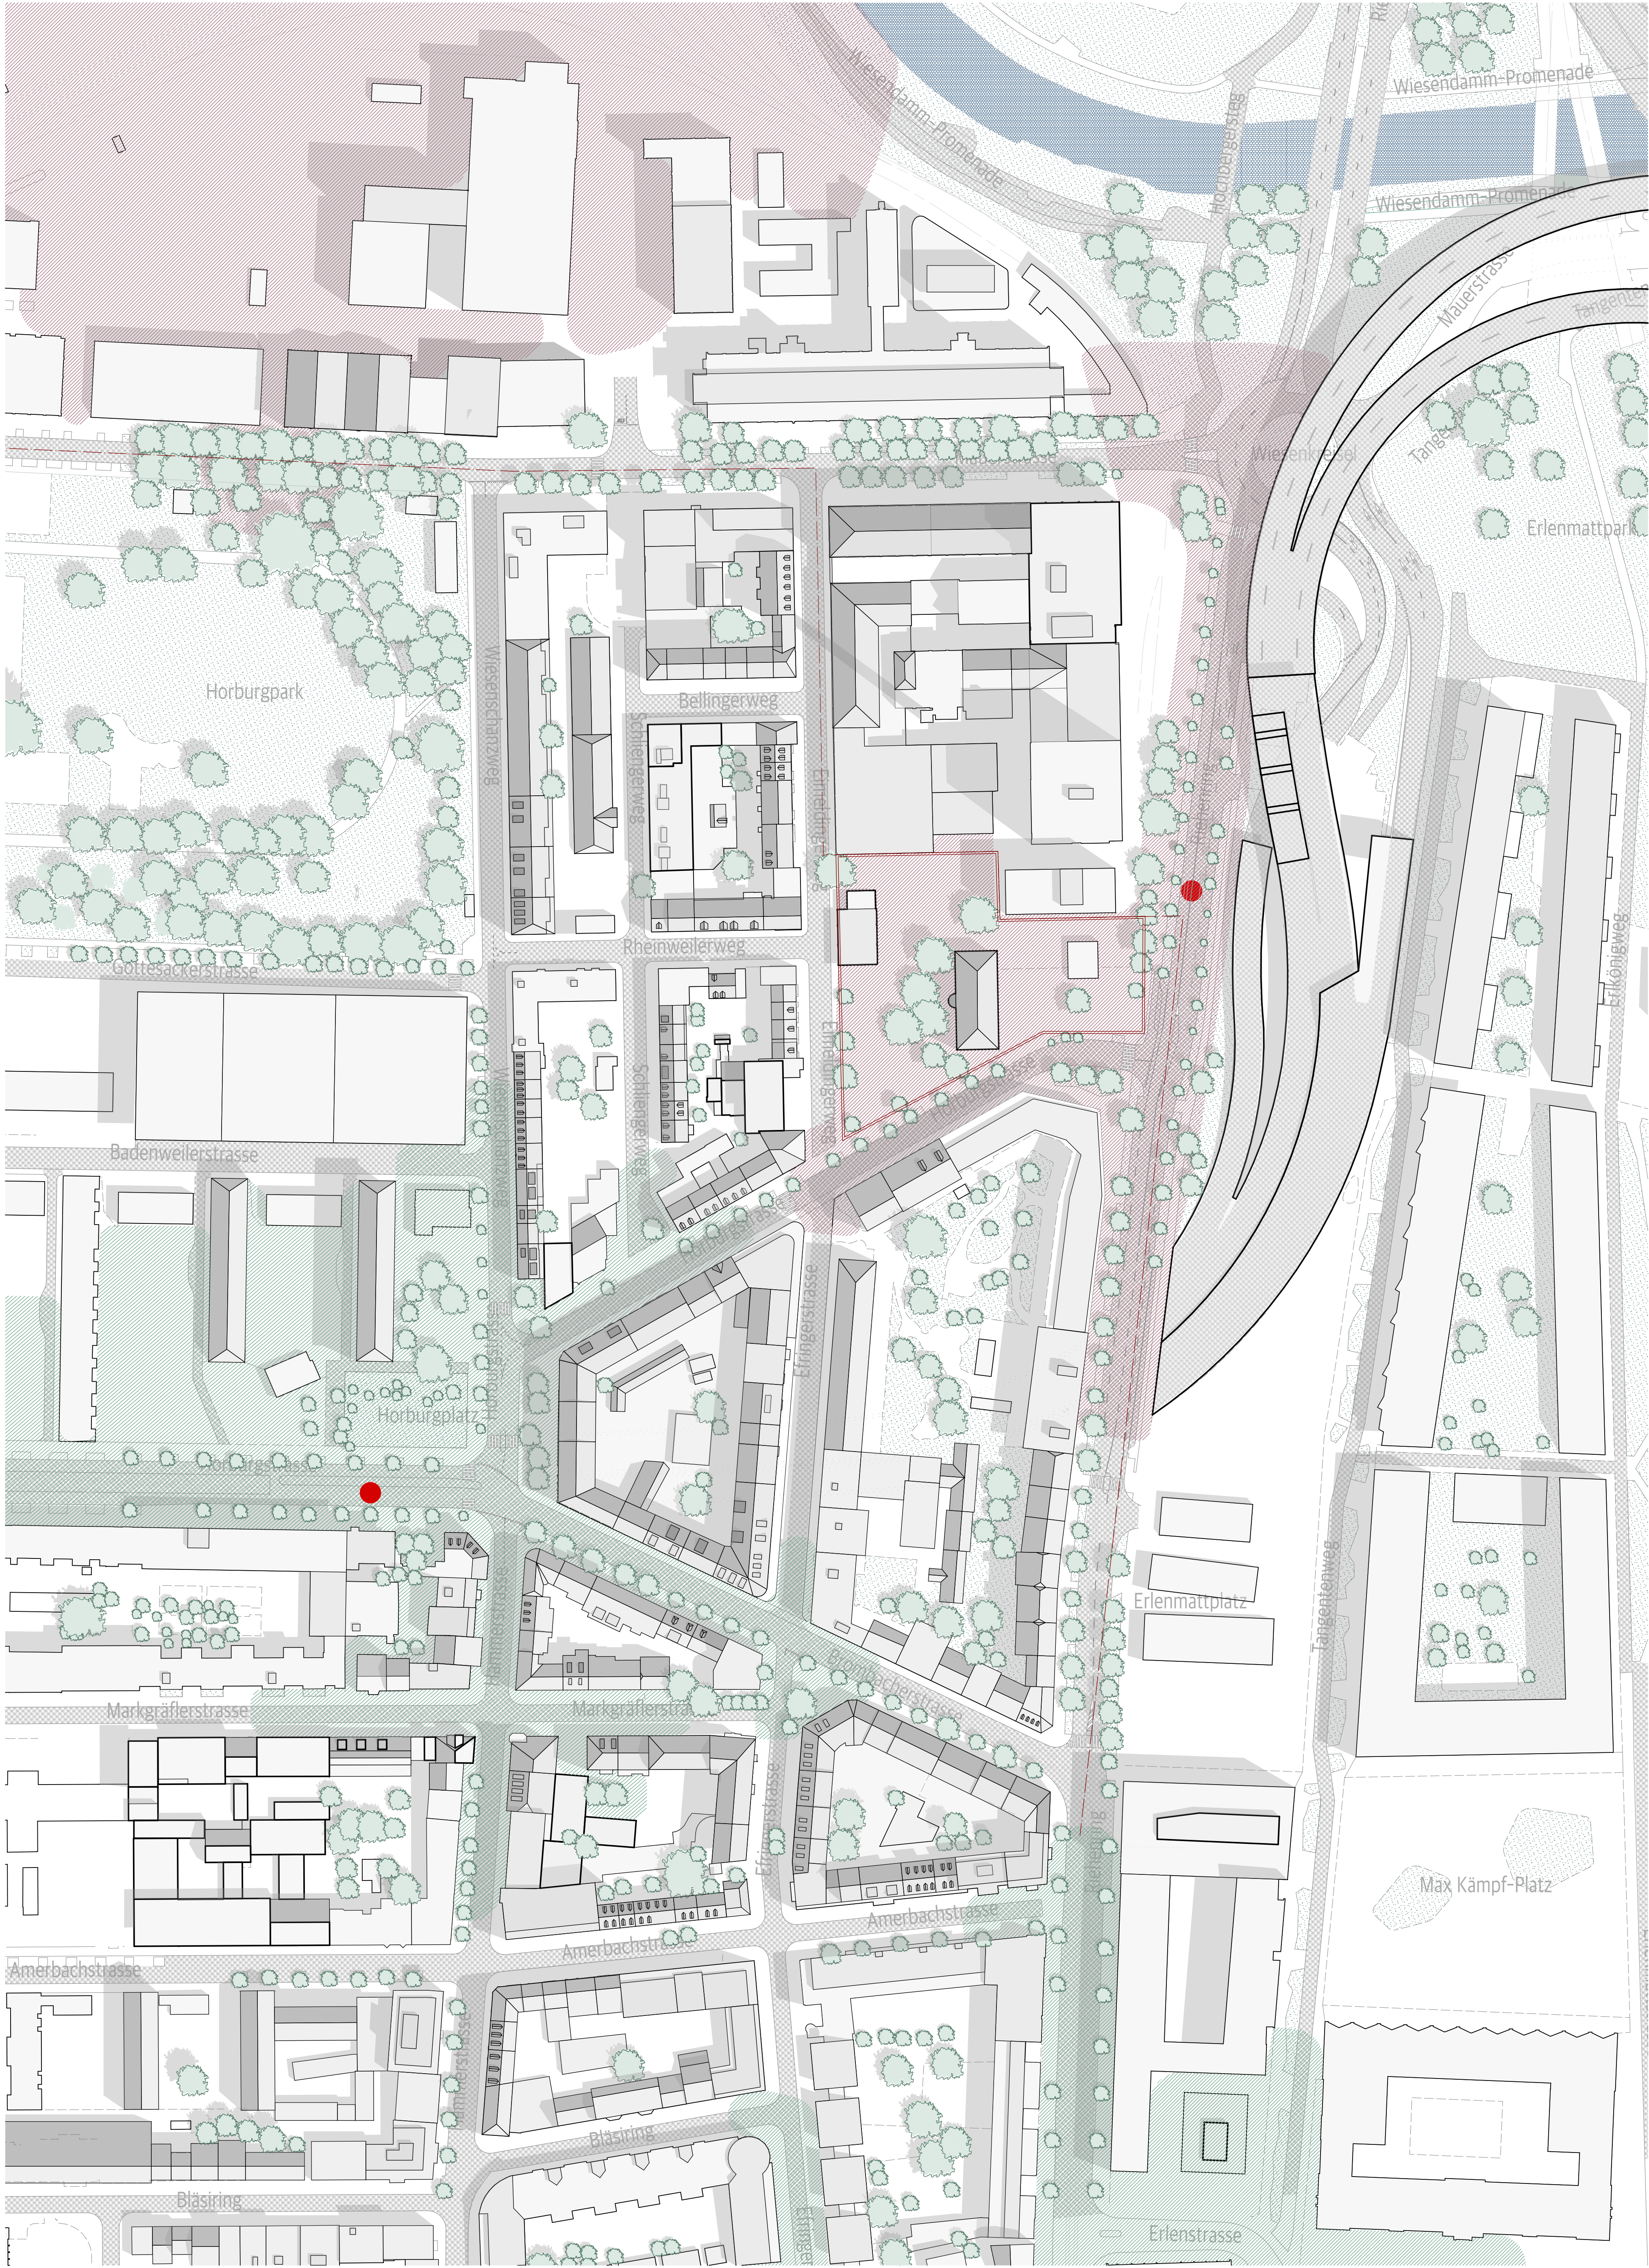

groundfigure plan_5000

greenspaces 1_5000

nolli plan 1_2000

urban analysis 1_1000 (2-minute walking distance from tram station)

key findings:

in the past, the plot was more dense

sourrounding typologies: block-perimeter with diverse courtyards and row-houses

transitional space between housing and industrial-zone

well connected to public transport BUT important axis is shut off.
